

A PASSION FOR BETTER MEDICINE FOR CHILDREN

A network, established by a collaborative effort of Dutch centres, researchers and industry to adress the need for more high quality paediatric clinical trials

**Prof Saskia N. de Wildt**

**Director PEDMED-NL**

Professor of Clinical Pharmacology

Pediatric intensivist

Radboudumc and Erasmus MC

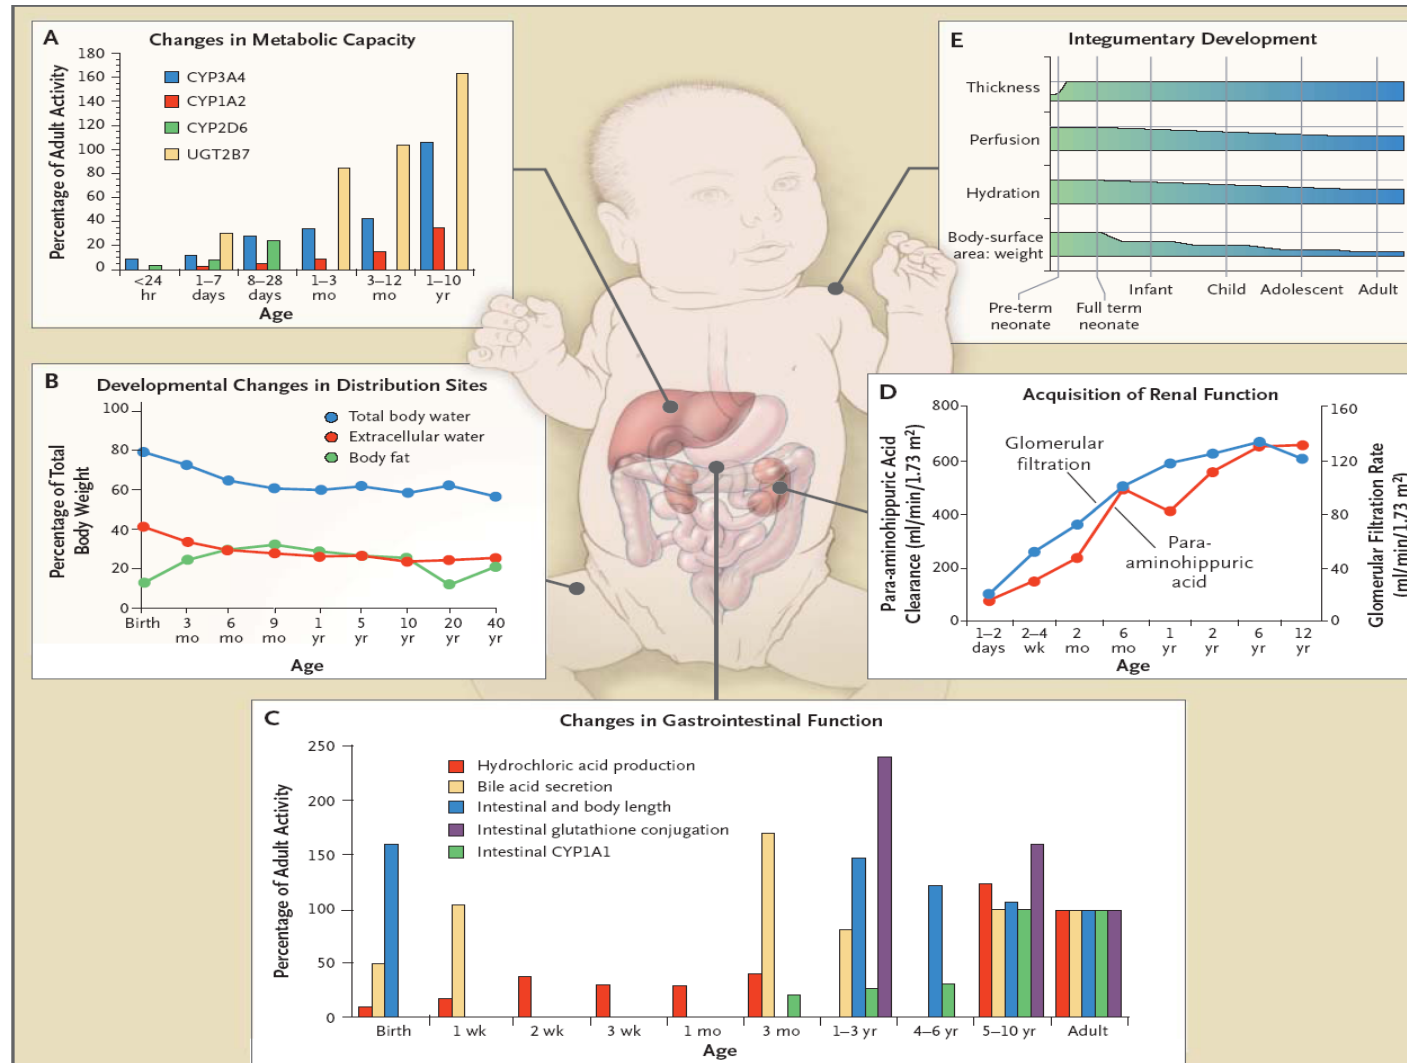

# Conflict of interest statement

| PEDMED-NL                                         | IMI2 funded (EU + EFPIA partners) |
|---------------------------------------------------|-----------------------------------|
| Personal research grants (investigator initiated) | UCB Pharma                        |
| Sponsor initiated clinical trials                 | GSK, Pfizer                       |
| Paid consultant                                   | Khondrion, AM-Pharma              |

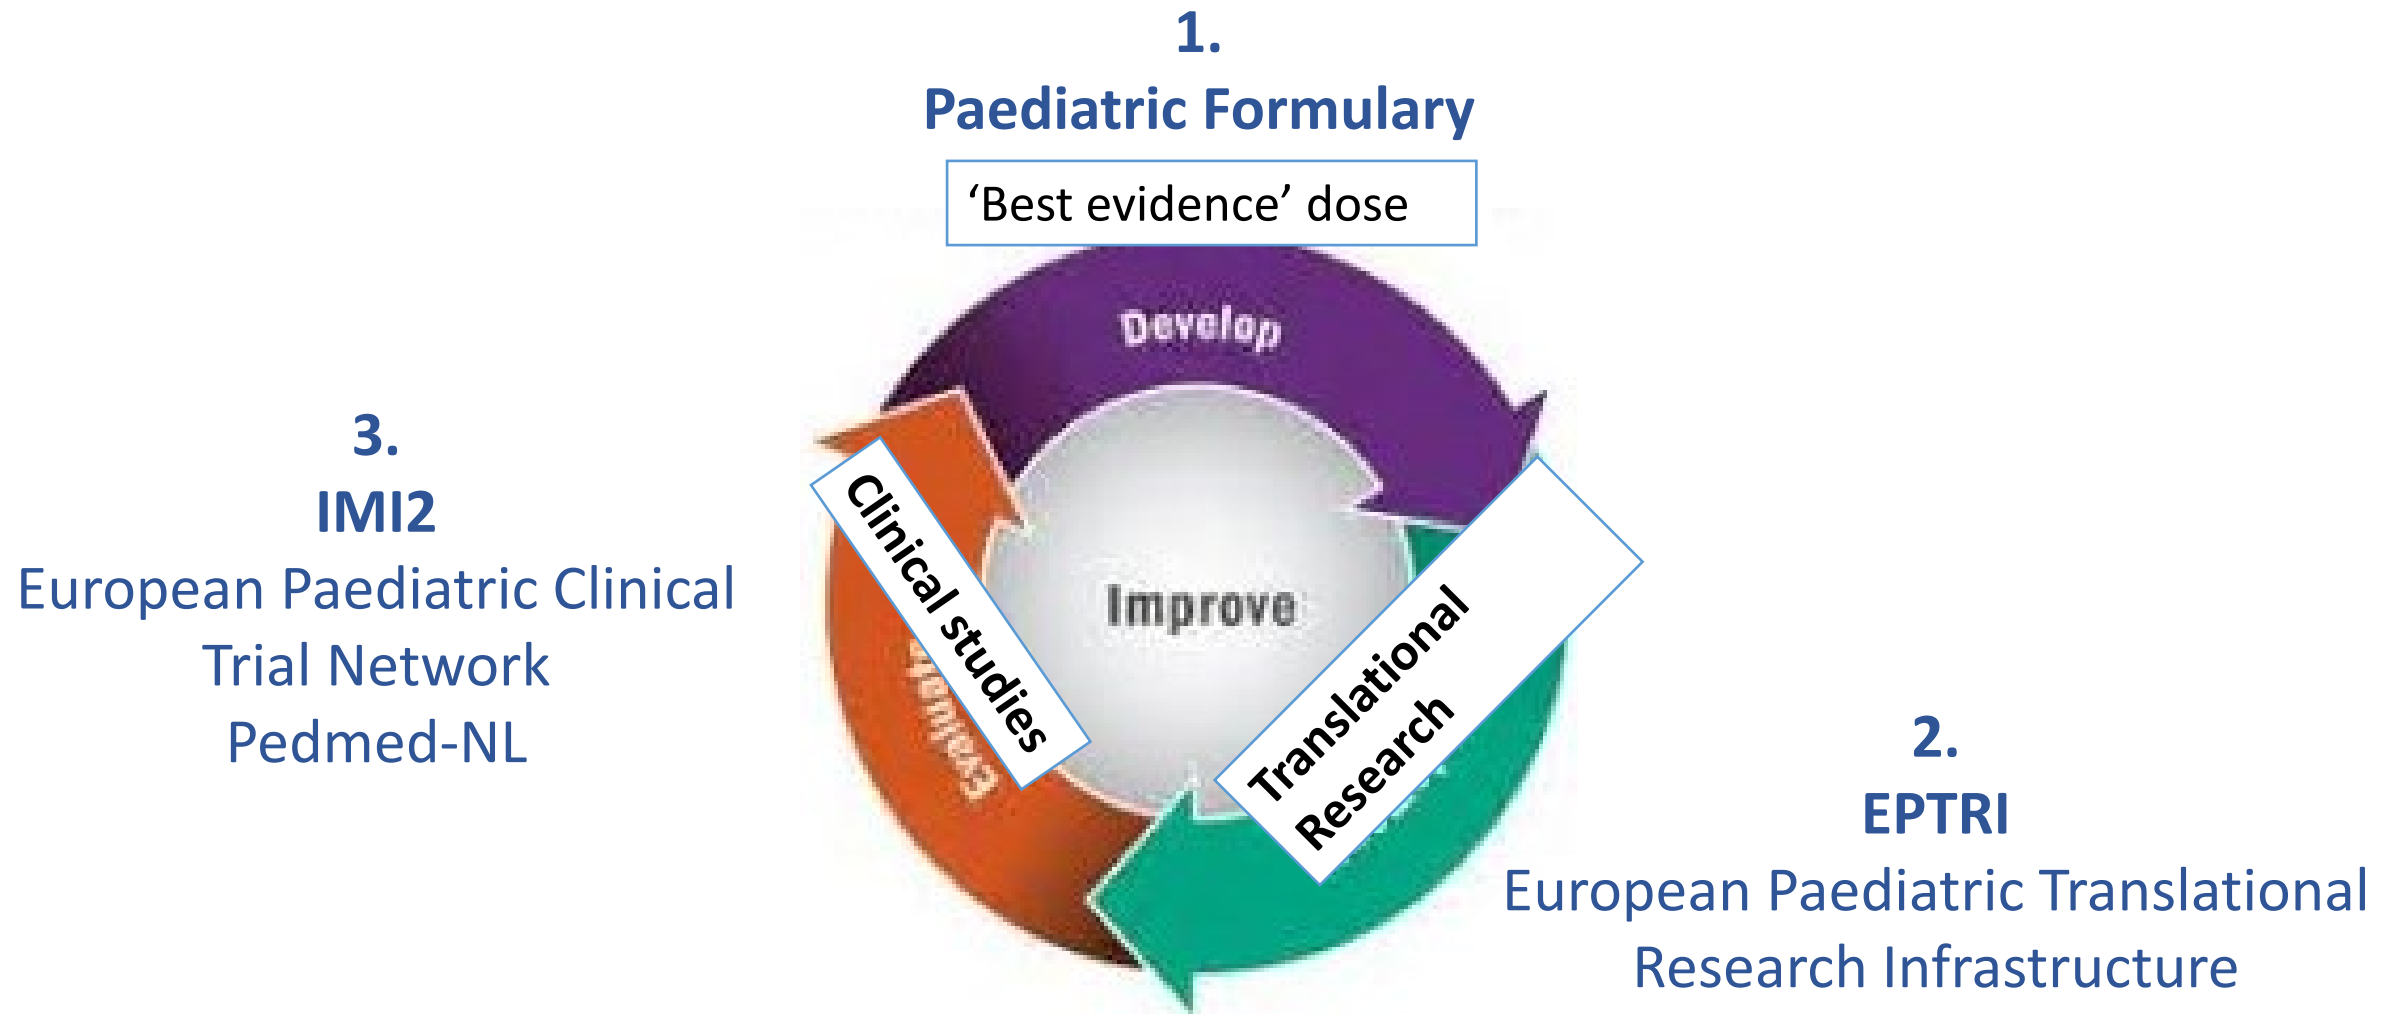

# Paediatric medicine

# Pharmacotherapy improvement cycle

# Innovative Medicines Initiatives call

- To set up a Pan-European Paediatric Clinical Trial Network
- IMI2 funding

Een gezamenlijk fonds van de Europese Unie en de farmaceutische industrie stelt 130 miljoen euro beschikbaar om een netwerk op te zetten voor het doen van medicijnonderzoek bij kinderen. EU en de farmaceutische industrie delen de kosten.

**Better medicines for babies, children  
and young people through  
a pan-European clinical trial network**

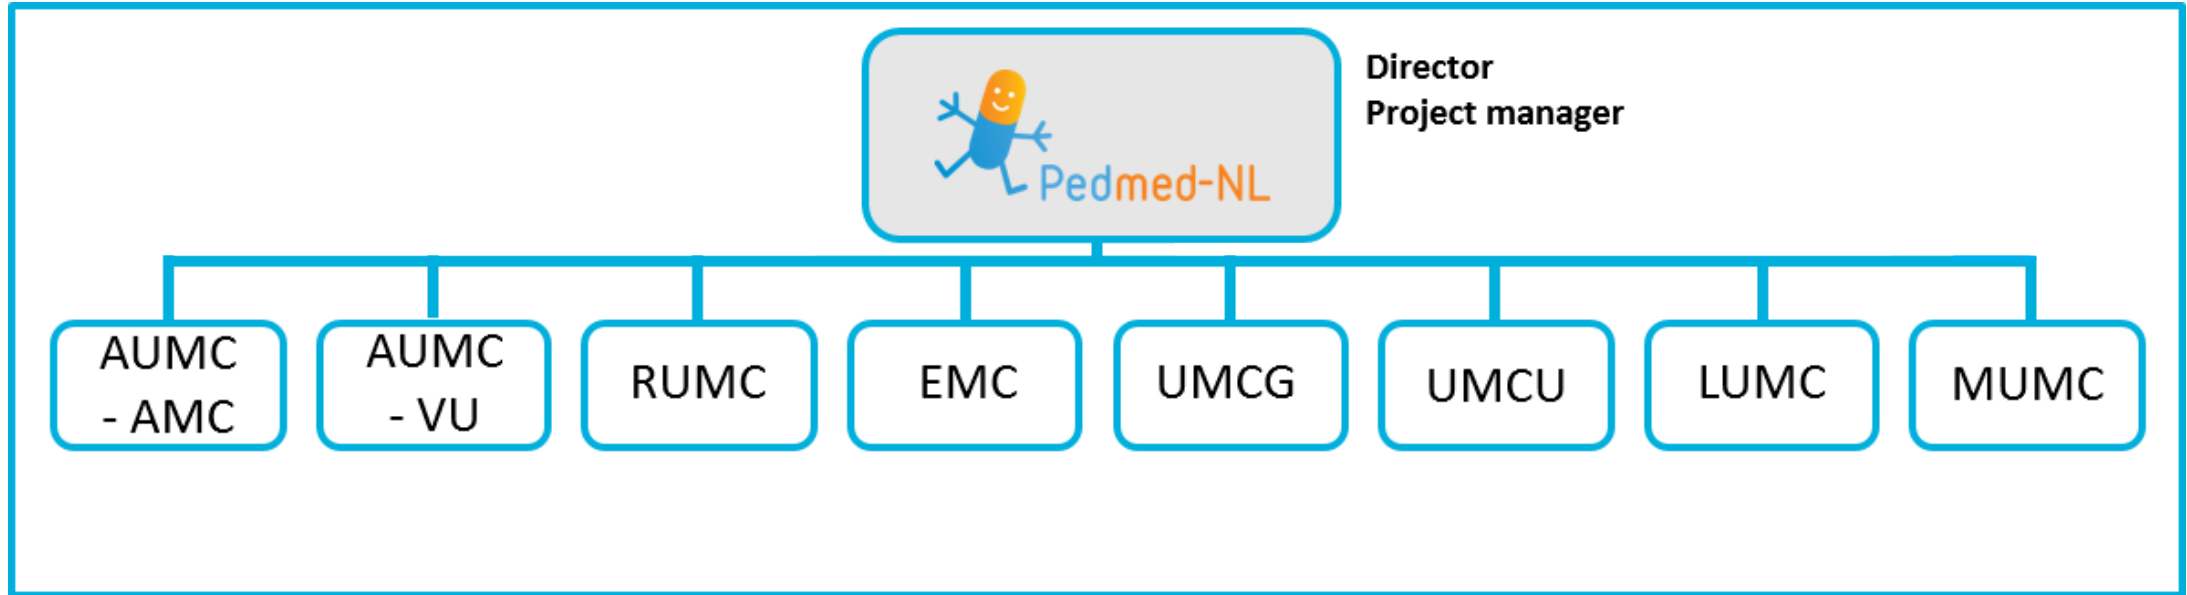

# Conect4children - vision

- Europe will use a coordinated approach to deliver high quality “regulatory grade” clinical trials in
- Multiple countries
- Multiple sites
- All paediatric age groups
- All paediatric disease groups
